Extract of para 5 from the Proceedings of the meeting of the Municipal Board of Srinagar Dated 22nd January 1899

5 The Agent brought to the notice of the Board that, as stated in para 4, half the Municipal receipts are credited to the matt, that the other half of the receipts were quite inadequate to meet the many wants of his municipality, and that, on occasion of visits of august personages, the matt was obliged to spend large sums for the improvement and better sanitation of the Town. He suggested therefore that it would be better to hand over the Control of the municipality to the matt as in that case the matt with this and other resources

at its command, would be in conjunction with the municipality, responsible for the proper sanitation and improvement of the town—

Under Government Order No 1809 dated 10th March 87, the Srungeri municipality is managed like other municipalities at Taluk Head Quarters, a municipal commissioners being appointed as in the case of Taluk Head Quarters, and the municipal account and proceedings being subject to the control of the Srungeri Manager similar, acting under the orders

the Deputy Commissioner.

The question was discussed by the Board in all its bearings, and it was unanimously resolved that Government be addressed and asked to entrust the control of the Municipality to the Agent of the Matt as their Vice President, as such an arrangement would be conducive to the better administration of the Municipality - the Vice President being as now subject to the general control of the Deputy Commissioner as President.

Sir,

I have the honour to state that, at the Municipal Meeting held on the 31st July last, it was resolved that, as the Municipality is badly in need of furniture, there being at present not a single chair, nor a table, nor a record box, and as the members feel very uncomfortable, being obliged to sit, during the meetings, on the narrow benches belonging to the Magistrate's Court, the purchase of eight chairs, one table and one record box should be submitted for sanction.

As there is no provision in the Current budget, I respectfully solicit that a special sanction may be accorded for the purchase of the said articles of furniture for the sum of Rupees fifty as per enclosed estimate submitted by the Vice-President.

With reference to the above, I have the honor to call attention again to my letter, General No 90, of the 2nd February 1899 and to Mr Brackley's letter No 274 dated 16th July 1884 In both these letters it proposed that the agent, as President or Vice-President of the Principal Municipality, should administer the affairs of the Municipality under the general control of the Deputy Commissioner and Government.

2 I am of opinion, however, that for the reasons clearly stated in Mr Brackley's letter, the practice should continue of the members of the Board being nominated by Government.

3. I consider also, that the annual budgets and accounts of the Municipality, and copies of the Board's resolutions, should be forwarded to Government through the Deputy Commissioner, the Municipality being administered in precisely the same manner as the other Municipalities of the district, the only difference being that the agents would

would be called the President (with the deputy Commissioner as his adviser), and the comptroller auditing the accounts as usual.

4. Some such nominal control, as that suggested above, must, I think, be exercised by Government to prevent and check any undue taxation, or abuse of municipal privileges, by the Sanitary Boards.
